ISRAEL AGUILAR

1231 Cliff Barnes Rd   La Vergne, TN, 37086   (615) 401-0212   dady281100@gmail.com

CAREER OBJECTIVE

Adaptable Computer Science student, currently attending College of Accounting and Administration - UNAM, with 1+ years of work experience. Aiming to leverage a proven knowledge of web design, programming, and web platform development skills to successfully fill the IT assistant role at your company. Frequently praised as focused by my peers, I can be relied upon to help your company achieve its goals.

EXPERIENCE

G Professional Tree Service, La Vergne, TN
Web developer, Feb 2021 - Mar 2022

I made a web page for them so they can be more recognize advertising the tree company by a web page in Google such as using social media to get more clients by using videos taken and edited by me.

- Design, build, or maintain web sites, using authoring or scripting languages, content creation tools, management tools, and digital media.
- Write, design, or edit web page content, or direct others producing content.
- Confer with management or development teams to prioritize needs, resolve conflicts, develop content criteria, or choose solutions.
- Perform or direct web site updates.
- Back up files from web sites to local directories for instant recovery in case of problems.
- Develop databases that support web applications and web sites.
- Renew domain name registrations.
- Select programming languages, design tools, or applications.
- Respond to user email inquiries, or set up automated systems to send responses.
- Create searchable indices for web page content.
- Provide clear, detailed descriptions of web site specifications such as product features, activities, software, communication protocols, programming languages, and operating systems software and hardware.
- Create web models or prototypes that include physical, interface, logical, or data models.
- Develop system interaction or sequence diagrams.

Amazon DSP - VSmart, La Vergne, TN
Delivery driver Amazon DSP , Feb 2022 - Mar 2022

I load a van with the packages of the customers of Amazon, so I can deliver them on time. I scan every package before I deliver it to the customers at the same time, I was monitored to accomplish my planned route.

Amazon fulfillment , Murfreesboro , TN
Stocker, Mar 2021 - Jun 2021

I scan and collocate all the packages to different bins so they can be available for the pickers. I organized different sections of different products so they could be easy to pick up.
